

# MEET THE NEW TLK 25 WI-FI

WEARABLE COMMUNICATIONS DEVICE

## TLK 25 Noticeably Unnoticeable

### LET'S TLK

In today's hospitality landscape, exceptional guest experiences are essential, but staffing challenges make personalized service difficult. Prioritizing safety for both guests and staff is crucial.

Meet the TLK 25—a compact, powerful WAVE PTX device that goes beyond traditional communication limits. With an intuitive voice assistant, it ensures seamless communication and provides access to a comprehensive ecosystem for efficiency and safety, all within a small, intelligent device connected to your Wi-Fi network.

### FEATURES

#### Voice Assisted Operations

TLK 25's Intuitive Voice Assistant simplifies communication, allowing easy management of emergency features for streamlined security access. Improve efficiency in panic responses and emergency source identification, reducing staff focus on devices and enabling a greater emphasis on high-quality guest experiences.

Voice-Assisted Features:

- » Communications: Talkgroups, group/private calls, contacts, scan, PTT lock/unlock
- » Safety: Lone worker, fall alert, emergency source identification, location information
- » Key Information: Wi-Fi connectivity, device status, battery, volume, instant personal alerts, software updates

### LIGHTWEIGHT, WEARABLE DESIGN

In client-facing roles, delivering high-quality, seamless guest experiences relies on invisible operations. With large radios or smartphones, employees may struggle to discreetly operate their devices. Compact, lightweight and powerful, the TLK 25 eliminates the burdens of bulky devices.

### DURABLE MEETS DISCREET

Intuitive and rugged, the TLK 25 is waterproof and dustproof with an IP67 rating and 810H military standard. So, users working in tough environments - basements, outdoors - don't need to worry about their devices breaking. The TLK 25's embedded battery also offers a 12 hour battery life, so it lasts longer than a full shift. When it's time, recharging is effortless with either USB-C or its magnetic multi-unit charger\*.

### SHAPED FOR SAFETY

Before working towards guest experience, it's essential to ensure the safety of guests and staff alike. Turn your TLK 25 into a panic button; with a compact form factor and dedicated emergency button, this device is shaped for safety.
