

Goal Zero - Mountable solar panels

Boulder 50 & Boulder 100

BOULDER 50

Rugged, durable, and rigid. The Boulder 50 Solar Panel is built with strong tempered glass and an aluminum frame with added corner protection for temporary or permanent installation. Equipped with an integrated kickstand to help get optimal angle to the sun. Use with a Goal Zero portable power pack or portable power station to charge your gear day or night.

Highlights

- 50 Watt (18-22V) panel features integrated kickstand providing optimal angle placement.
- Built with strong tempered glass and an aluminum frame with added corner protection.

BOULDER 100

As Boulder 50, the Boulder 100 Solar Panel is rugged, durable, and rigid. is built with strong tempered glass and an aluminum frame with added corner protection for temporary or permanent installation. Equipped with an integrated kickstand to help get optimal angle to the sun. Use with a Goal Zero portable power pack or portable power station to charge your gear day or night.

Highlights

- 100 Watt (18-22V) panel features integrated kickstand providing optimal angle placement
- Built with strong tempered glass and an aluminum frame with added corner protection
